

PAINT EXPRESSIVE ARTWORK USING MIXED MEDIA with Laura Reiter

A truly interactive experience which has inspired my students ! Details of my next 2 workshops below

EACH PROJECT INCLUDES:

- 1) **DEMO VIDEO** plus supplementary material to enhance your understanding of the project – yours to refer to and keep

2 One hour long zoom sessions – week 1 providing full details with the video of how to complete your project and appropriate images from other artists. At the end of the session we will send you the link to the video for you to keep and watch again and also the pictures I have shown you.
Week 2 - discuss students work with individual crits from me to assist for further improvement
- 2) **Facility of a Whatsapp group** - During the in-between week we have created a WhatsApp Group on which students can send in their ongoing work and I can help and critique as we go along . For this I will need your mobile phone number to add you to the group. At the second session we will have downloaded your work and we will have a full hour to look at the work together. This format seems to work really well.

Comment from one –

“Laura is a great artist and teacher. She brings real passion for her subject with lots of knowledge about leading artists and a variety of techniques and methods for creating art. She combines this with carefully planned and structured classes, video preparation, and empathy for her students, which encourage them to go to the next step in their creative efforts.” MW

IDEAS FOR A PORTRAIT LOOKING AT CHRISTIAN HOOK - WINNER OF SKY PORTRAIT OF THE YEAR 2014

WEDNESDAY 8TH OCTOBER &

WEDNESDAY 22ND OCTOBER

This workshop investigates another new approach to portrait painting. Christian Hook is a contemporary painter who uses traditional techniques and multimedia influences to produce his remarkable portraits, stating that he likes to try and ‘paint the invisible ‘ which he not only paints the realism of the head and face but also investigates the invisible spaces which surround and connect people.

This workshop will bring a new and really exciting attempt to learn from this artist. We will use mainly acrylics with possible additions of acrylic markers.

**SPRAYING, MARKING SPLATTERING, WET INTO WET, AND ABOVE ALL LAYERING,
LAYERING, LAYERING - EXPRESSIVE LANDSCAPES IN ACRYLIC INKS**

WEDNESDAY 5TH NOVEMBER
&
WEDNESDAY 19TH NOVEMBER

Acrylic inks are the most beautiful, delicious, colourful and vibrant way to paint. This will be an experimental, lively and possibly messy workshop! We will firstly have some fun with the medium finding out some of the exciting things it does and then apply this to a free and atmospheric landscape. It would be good to use some textured watercolour paper for this and students could gather some additional additives materials such as salt, clingfilm, a dip pen a water spray bottle.

We will use photos of landscapes but try to use them as casual references.

Each workshop is 1 hour long - 10.30-11.30 with our WhatsApp group in operation in the week/s in between.

The fee for each two week block will be £40. If both workshops are booked at the same time there is a discount which means the total fee is reduced from £80.00 to £75.00.

Payment is by bank transfer and my details are as follows.
